

Global Input and Instructions

Introduction

This set of tables will continue to evolve based on client recommendations for improvement. The design allows completion in a consistent format for all management units across the province. The tables may be merged to form higher level Sustainable Harvest plans. Please forward any recommendations for enhancement to John.Brodie@GEMS4.gov.bc.ca

Technical instructions are provided in the Guidelines for the Sustainable Harvest Objective found at <http://www.for.gov.bc.ca/cpp/rmpguidelines/>

Note that more than one set of tables may be needed for one management unit.

For example, where a management unit extends across districts A and B,

- a) Prepare a set of tables for the portion of the Management Unit in district "A".
- b) Prepare a second set of tables for the portion of the Management Unit in district "B".
- c) Prepare a third set of tables for the overall Management Unit.

Instructions

1) [Enter Titles here](#)

Fill in the following boxes. They will appear on all tables:

Type the Management Unit name here:

TFL #49 - Armstrong & Kelowna Divisions

Type the Report Date here:

Prepared: August 23, 1999

2) [Enter Data into Tables A to F](#)

For Tables A to F, enter data in the unshaded cells.

For activities with no input amount, give a priority of "9" for a low priority in the summary.

These sheets are protected to provide a consistent format provincially.

(You may turn protection off. Go to tools, protection, protection off, no password was used.)

3) [Optional Table G for Reforestation Expenditures](#)

Table G is an optional table where reforestation expenditures will be incurred.

Specify the activities on the table in the blank cells.

Only the totals for the sheet need a priority rating and are linked to the Summary Table.

4) [Summary Table for Management Unit](#)

Tables A to G are summarized on the spreadsheet "Management Unit Summary."

Do not make any entries on that spreadsheet.

Merely open summary, press Ctl-e to run a macro to sort activities by priority.

5) [District or Regional Summary Table by Priority](#)

- a) **Create a summary sheet disconnected from the Management Unit sheets:**

Go to "Management Unit Summary" sheet.

Select rows 20 to 73

Edit, Copy

Go to "Dist. or Reg. Summary"

Select the red cell "A8"

Edit, Paste Special, Values

b) To generate one District or Regional Summary

Copy all Management Units summaries into one Summary Sheet.

c) To sort the Summary Sheet by the district/regional rating.

Rate the Management Unit activities at the district or regional level.

Enter the rating in the regional priority column (Q).

Sort the cumulative table by the regional priority.
